

Washington Update

February 11, 2005

Welcome to my Washington Update, an e-mail newsletter for the constituents of California's 29th Congressional District. Through these quick-read updates, I hope to keep you informed of progress being made in Washington, D.C. and at home on public policy issues of interest to our communities.

Bipartisan Nonproliferation Bill Introduced

Congressman Adam Schiff and Congressman Christopher Shays introduced the "Omnibus Nonproliferation and Anti-Nuclear Terrorism Act of 2005" on Tuesday. The bipartisan measure is perhaps the first truly comprehensive effort to secure nuclear materials in the former Soviet Union, and prevent terrorist access to nuclear weapons.

"We have been warned repeatedly that we are in a race with terrorists who are actively seeking nuclear weapons. The choice is ours: we can continue to risk an almost inevitable nuclear attack, or we can take action to prevent it," said Congressman Schiff.
